

DGM HONORS AND AWARDS

DGM honors/awards nominations follow the schedule shown on this form. Nominations are valid for one year.

The DGM does not discriminate on the basis of nationality, citizenship, race, gender, profession, or age in the selection of the award recipient.

Some awards however, are given to the awardee at a certain point in his/her career, the Young Scientist Award has certain age requirements, and other selected awards require that the nominee has a personal DGM member. The awards are usually presented at the „DGM Tag“ (member assembly).

For more information on each award and the award criteria, visit <https://dgm.de/en/about-dgm/honors-and-awards>.

Nomination documents are treated confidentially.
